ENGLISH  
NEWSLETTER

Our CSWCPS family continue to explore and learn in the second school semester. The past few months have been busy but fruitful.

P1 to P6 students explored different places around Hong Kong during our school filed trips. The outdoor learning tasks provided students the chances to apply their

communication and problem-solving skills.

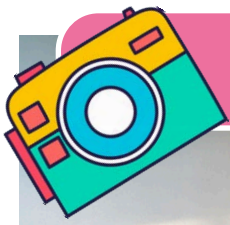

P6 students joined the graduation camp, and enjoyed a wonderful time with their classmates and teachers before they leave their primary school lives. The memories together are precious.

The annual World Reading Day was held on 23 April, and it was a great success! Students and

teachers were all dressed up as their favourite book characters, and immersed in learning tasks about reading. Parent volunteers also showed dedication and hosted many fun game booths. Thank you!

We look forward to more post-assessment activities such as the outings, Variety Show, the VA Showcase, English Day, and Music Day.
