First Term Highlights

Happy New Year! It Welcome to our first termly newsletter! It has been an incredible journey since we gathered for our School Opening Ceremony in September. Seeing the students return with bright smiles and a readiness to learn set a positive tone for the months that followed. We have grown together as a community, and I am so proud of the resilience and spirit our students have shown in every activity.

Sports and Exploration

Our physical vigor was on full display during the annual **Swimming Gala**. It was heartening to see students cheering for their schoolmates and pushing themselves to achieve personal bests in the pool. This energy transitioned beautifully into our **School Field Trip**, where students engaged with the local environment, applying their classroom knowledge to the real world through hands-on exploration and teamwork.

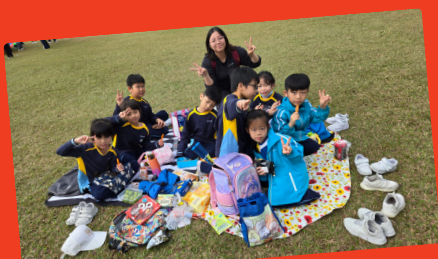

Starting the year
with grateful hearts

Cheering for our
friends in the pool

Congrats, winners!
So proud of you!

Hanging out with
our class teacher

Our lovely choir
singing hymns

The emcees looking
so cute

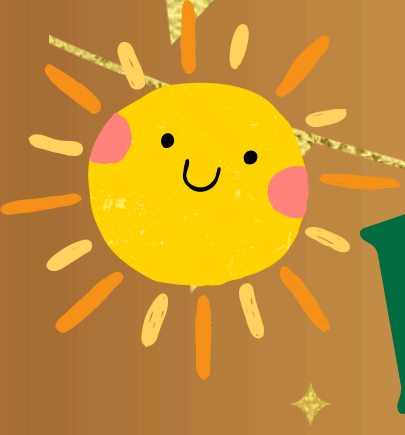

Welcome back, our
amazing alumni!

Global and Community Connections

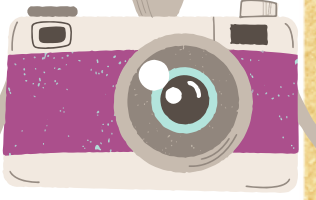

One of the most significant highlights this term was our **excursion to Singapore**. This international experience allowed our students to immerse themselves in a different culture, visit world-class science centers, and develop independence away from home. Back on campus, we also had the pleasure of hosting an **Alumni Gathering**. It was a moving occasion as our former students returned to share their success stories, precious memories and goals to achieve.

Faith and Celebration

As the year drew to a close, we gathered for our **Christmas Mass**. This was a peaceful and reflective time for us to give thanks for our blessings and celebrate the spirit of the season. The beautiful hymns and readings reminded us of the importance of kindness and community. We now head into the new year with grateful hearts, ready to take on the challenges and joys of the second term.
