CSWCPS | Issue 2

The second semester has been full of wonderful memories and moments that made our school days brighter. From classroom projects to after-school laughter, everyone has been buzzing with energy and excitement. It's been a time of learning, creativity, and plenty of smiles all around the campus.

One of the happiest events was our School Anniversary celebration, where students, teachers, and staff came together to share stories, laughter, and cake! The day was filled with prayers, lucky draws, and heartfelt speeches that reminded us how special our school community is. The PTA field trip took us to the beautiful Sai Kung countryside. Parents and students wandered along the coast, enjoyed the sunshine, took photos, and maybe even ate too much seafood!

Another highlight was our Chinese Cultural Day, a colorful celebration of traditions old and new. The school halls were filled with decorations, calligraphy, performances, and the delicious aroma of siu mai. Many students dressed in traditional outfits, and everyone enjoyed discovering fun cultural facts through games and workshops. It truly was a day to remember – a reminder that learning can be joyful, and that our Chinese culture is truly precious and unique.

Our Sports Day was another highlight of the semester, bursting with cheers, colors, and team spirit that could be felt all around the field! Students ran, jumped, and laughed their way through an exciting lineup of races, relays, and fun novelty games. The air was filled with applause as classmates encouraged one another and classes waved their flags proudly. Teachers and parents joined in with the same enthusiasm, cheering loudly and capturing snapshots of the thrilling moments. Whether it was a speedy sprint, the sweet parent-child relays, or just enjoying the sunshine and laughter, everyone ended the day with rosy cheeks, happy hearts, and maybe a few tired legs – a true celebration of sportsmanship and unity!

As the semester comes to a joyful close, we can all look back with proud smiles and grateful hearts for everything we've shared together. From colorful celebrations and cultural discoveries to outdoor adventures and exciting competitions, each event has made our school days brighter and more meaningful. These moments remind us that learning goes far beyond classrooms – it lives in the fun we have, the friendships we make, and the memories we create. With new inspiration and energy, we look forward to another semester filled with laughter, growth, and endless possibilities!

# OUR MEMORIES

Our solemn mass for the school anniversary

Making craft is fun!

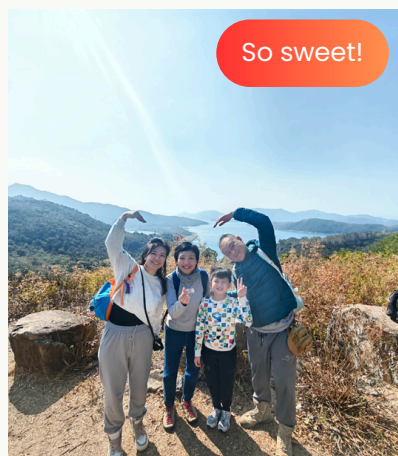

A fun game on Chinese Cultural Day

Learning Chinese dance

Participating a drawing competition at Ocean Park

So sweet!

Nice Fai Chuns

Thank you, our lovely parent helpers!

# SPORTS DAY SPECIAL

Congrats!

so proud of You
